

ASSEMBLER

Department: Operations
Reports To: Manufacturing Manager
FLSA Status: Non-Exempt
Updated: 08.15.2022

Aqueous Vets® (AV®) is seeking talented, capable applicants to fill several key roles for our growing organization.

AV is a vertically integrated company that manufactures water treatment systems to address contaminated groundwater impacted with emerging contaminants (PFOA/PFOS, VOC's, fuels, 1,2,3-TCP, TOC, Chrome 6, and Arsenic). Based in Redding, California, our capabilities include design and engineering, system manufacturing system installation, startup services, and site civil construction. **Our integrated system approach allows AV the ability to deliver the entire treatment system from the influent to effluent flanges on the treatment pad, creating more value for our clients and the end-user.**

Description

Though the day-to-day duties and responsibilities of an Assembler are dependent on the field of manufacturing, it involves interpreting product blueprints and handling various tools. An Assembler should be a people person who can work well with a team and collaborate with people from other departments. Common responsibilities for an Assembler are:

Essential Duties and Responsibilities:

- Follow technical instructions, interpret engineering blueprints and technical terms
- Discern quality of parts and materials used in production
- Inventory parts and tools used in the assembling process
- Follow company procedures and directives
- Test finished products for defects
- Maintain the tools used to create products
- Keep a clean and well-maintained workspace

Education and/or Experience:

We are seeking a team player, who can grow with our company. Must have high school diploma; Technical school completion or equivalent is desirable. Prefer a minimum of 3 years' experience in an assembly via blueprint environment. Must pass pre-employment physical and background check and be legally authorized to work in the United States of America.

Physical Demands:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is occasionally required to perform light physical activity. The employee must occasionally lift and/or move up to 75 pounds. Specific vision abilities required by this job include close vision and depth perception.

Technical Skills

- Deadline-oriented
- Working knowledge of personal computer, keyboard, and various software programs.
- Working knowledge of manufacturing processes.

OTHER SKILLS AND ABILITIES

- Strong interpersonal skills.
- Good verbal and written skills.
- Proven organizational skills.
- Ability to prioritize and work with limited supervision.
- Ability to maintain confidentiality.
- Ability to work well under pressure and to remain flexible to changing schedules and demands.

Benefits

Benefits include: Health, dental, and vision insurance for employee and family, Life Insurance, Disability Insurance, flexible spending account, and 401k plan

Aqueous Vets® is an equal opportunity employer. We commit to a policy of nondiscrimination and equal opportunity for all employees and qualified applicants without regard to race, color, religion, creed, gender, pregnancy or related medical conditions, age, national origin or ancestry, physical or mental disability, genetic predisposition, marital, civil union or partnership status, sexual orientation, gender identity, or any other consideration protected by federal, state or local laws.
